

Erasmus+ Internship Program at CPR Liceo La Paz

Dear Companies and Organizations,

We are excited to introduce the Erasmus+ Internship Program at CPR Liceo La Paz. As an esteemed educational institution dedicated to fostering academic excellence and cultural diversity, we offer work placements in various European countries to students and recent graduates from our institution as part of the Erasmus+ Internships Program.

The objective of this program is to provide participants with an opportunity to enhance their academic knowledge and expand their mobility by gaining practical experience in an international setting. The duration of the internships can range from 2 to 12 months, and the selected students will receive a grant from the Erasmus+ Program. The grant amount will vary depending on the destination country, with a maximum period of **3 months**.

To ensure the well-being of our participants, **CPR Liceo La Paz** will provide comprehensive insurance coverage, including accident insurance, civil liability coverage, and travel assistance throughout the entire duration of their stay at the host organization.

While it is not mandatory, we greatly appreciate any voluntary support, whether in cash or in-kind, that your organization can provide to the interns during their placement.

To facilitate the arrangement of internships, we kindly request the host organization to propose a suitable working program. Furthermore, a cooperation agreement will be signed by all parties involved: CPR Liceo La Paz, the intern, and the company.

For further information and inquiries, please feel free to contact us via email at erasmus@liceolapaz.com. We are more than happy to address any questions or concerns you may have.

We look forward to collaborating with your organization through the Erasmus+ Internship Program.

Sincerely,

CPR Liceo La Paz Erasmus+ Program Coordination Team
